Let's look at where those savings happen – and how you might use that extra money.

Reduced **Charting Time** for Nursing Staff

$698,308

Electronic charting

with a single view into resident records – eliminates time spent on manual charts and tracking down paperwork.

Integrated
Information Efficiencies

$53,716

Staff can easily see and share accurate, up-to-date info across the resident journey with a few clicks.

Reduced Cost of Nursing Staff **Turnover**

$126,054

Roles, tasks and expectations are clearly defined, so clinicians perform more efficiently. Managed expectations mean more satisfied employees, and less burnout.

Fewer Medicare PDPM **Penalties**

Better care and compliance lead to lower readmission rates

$397,896

SNFs reduced withheld Medicare reimbursements
and even added incentive payments.

What can your **SNF do with** these **savings**?

- Hire More Staff
- Increase Staff Training and Education Benefits
- Upgrade Your Technology
- Provide Wellness Support to Employees

The time to embrace technology in senior care is now.
